- **Soft Skills** : Self-Learning, Adaptability

PROJECTS :

1. Netflix-Clone ([Live](#))

- Project Stack: React, Firebase, Redux, Webhooks, IMDb API
- Developed a Netflix clone using React for the frontend, integrating Firebase for authentication, Redux for state management, and Webhooks for real-time data updates.
- Implemented Firebase authentication to enable users to sign up, log in, and securely access content.
- Utilized the IMDb API to fetch movie and TV show data, providing users with a seamless browsing experience similar to the original Netflix platform.

2. Miranda-Paper-Website ([Live](#))

- Project Stack: HTML, CSS
- Designed and implemented a modern and sleek clone of the Miranda chat application using HTML and CSS.
- Focused on user experience and aesthetics, incorporating modern design principles and UI/UX best practices.

3. Dinex-Dental-Website ([Live](#))

- Project Stack: HTML, CSS, Locomotive-scroll
- Developed a professional website for Dinex Dentist using HTML and CSS. Focused on user experience and aesthetics, incorporating modern design principles and UI/UX best practices.
- Incorporated modern design elements and intuitive navigation to enhance user engagement and accessibility.
- Ensured mobile responsiveness to provide an optimal viewing experience across different devices and screen sizes.

EDUCATION :

NSHM Knowledge Campus, Durgapur | Bachelor's Degree in Computer Science | 2022 - 2026
